

SECOND AMENDMENT OF OFFICIAL MEGA MILLIONS GAMES RULES

On March 20, 2015, the Connecticut Lottery Corporation (the "CLC") Board of Directors amended the Official Mega Millions Game Rules by deleting Connecticut Amendment § 24.B and replacing it with the following language:

"Natural persons and legal entities issued a vendor or affiliate license by the State of Connecticut Department of Consumer Protection in connection with the CLC's operations, as authorized under Conn. Gen. Stat. § 12-815a, and anyone otherwise prohibited from playing CLC games by reason of any contract or agreement with the CLC."

ADOPTION AND AMENDMENT OF OFFICIAL MEGA MILLIONS GAME RULES

Notice is hereby given that on September 26, 2013, the Connecticut Lottery Corporation (the "CLC"), with the advice and consent of its Board of Directors, adopted the Mega Millions Game Rules (the "Game Rules"), as amended by the provisions below (the "Amendments"). The Game Rules and the Amendments are collectively referred to as the "Official Mega Millions Game Rules". Unless otherwise stated, the Official Mega Millions Game Rules are effective immediately.

SECTION I: INTRODUCTION

1. Applicability. The Official Mega Millions Game Rules apply to all purchases, claims and payments made in Connecticut. In purchasing a Mega Millions game ticket in Connecticut, the purchaser agrees to comply with and be bound by all applicable Connecticut and federal laws, the Official Mega Millions Game Rules, and the CLC Rules of Operation. In the event of any inconsistency among these, the following order of precedence shall prevail in resolving such inconsistency: first, the applicable provisions of the Connecticut or federal law; second, the Official Mega Millions Game Rules; and, third, the CLC Rules of Operation.

SECTION II: DEFINITIONS

2. Annuity Payment. "Annuity Payment" shall mean the manner in which the Grand Prize may be paid in annual installments. The Grand Prize winner's share shall be paid in thirty (30) graduated annual installments. The initial payment shall be paid upon completion of internal validation procedures. The subsequent twenty-nine (29) payments shall be paid annually.
3. Cash Payment or Lump Sum. "Cash Payment" or "Lump Sum" shall mean the manner in which the Grand Prize may be paid in one (1) single cash payment. The Grand Prize winner's share will be paid in a single lump sum cash payment upon completion of internal validation procedures.
4. Claimant. "Claimant" shall mean any person or entity submitting a winning Mega Millions ticket within the required prize claim period. No Claimant may assert rights different from the rights acquired by the original Purchaser.
5. Grand Prize. "Grand Prize" shall mean the top prize in the Mega Millions game awarded for matching all the numbers drawn from both matrix fields. The Grand Prize amount is established by the Multi-State Lottery Association for each Mega Millions drawing. The Grand Prize is a Pari-Mutuel prize paid as an Annuity Payment consisting of thirty (30) graduated annual installments, or as one (1) single Lump Sum.
6. On-Line Gaming System. "On-Line Gaming System" shall mean the computer wagering system used by the CLC for the purpose of issuing and redeeming lottery tickets.

7. Pari-Mutuel. "Pari-Mutuel" shall mean the total published allocation of revenue to a given prize level divided by the number of winners at that level.
8. Player or Purchaser. "Player" or "Purchaser" shall mean a person or entity who buys Mega Millions tickets in accordance with the Official Mega Millions Game Rules.
9. Retailer. "Retailer" shall mean a natural person or legal entity licensed by the State of Connecticut Department of Consumer Protection and authorized by the CLC to sell and redeem official Mega Millions tickets.

SECTION III: CONNECTICUT PROCEDURES

10. Discounts, Rebates and Promotions. The CLC may offer Mega Millions tickets through discounts, rebates or promotions for a period not to exceed ninety (90) days in any six (6) month period.
11. Lost or Stolen Tickets. Lost or stolen Mega Millions tickets shall not be honored or processed for payment or replacement. The CLC shall not be responsible for lost or stolen Mega Millions tickets.
12. Ticket Validation Requirements.
 - A. The CLC will not pay a claim unless an official Mega Millions ticket meets and passes all security validation criteria. Such ticket shall be the only valid proof of the wager placed and the only valid receipt for claiming or redeeming such prize. It shall be the bearer's responsibility to present a ticket that can be validated in accordance with the security validation criteria.
 - B. In addition to the above, in order to be deemed a valid winning Mega Millions ticket, all of the following conditions must be met:
 1. The validation data must be present in its entirety and must correspond, using the computer validation file, to the number selections printed on the ticket for the drawing date(s) printed on the ticket.
 2. The ticket must not be stolen, counterfeit, altered, fraudulent, unissued, issued in error, unreadable, not received, unclaimed, not recorded by the CLC within applicable deadlines, lacking in captions that conform and agree with the play symbols appropriate to Mega Millions, or not in compliance with specific rules and with the confidential validation and security tests of the CLC. The CLC, the Multi-State Lottery Association and the Selling Lotteries shall not be responsible for payment of any prize in connection with such a ticket.
 3. The ticket must have been issued by a licensed Retailer on official ticket stock.

4. The ticket must not have been stolen, to the knowledge of the CLC at the time of presentation.
 5. The ticket must be submitted for payment in accordance with the CLC's authorized cashing and claiming procedures.
 6. The ticket data must have been recorded in the On-Line Gaming System prior to the drawing, and the ticket data must match this computer record in every respect. In the event of a contradiction between information as printed on the ticket and as accepted by the On-Line Gaming System, the wager accepted by the On-Line Gaming System shall be the valid wager.
 7. The number selections, ticket serial number, validation data and the drawing date(s) of an apparent winning ticket must appear in the official file of winning tickets, and a ticket with that exact data must not have been previously paid.
 8. The ticket must not be unregistered, defectively printed or printed/produced in error to the extent that it cannot be processed and/or validated by the CLC.
 9. There must not be any other violation of the Official Mega Millions Game Rules in relation to the ticket which, in the opinion of the CLC President, justifies invalidation.
 10. At all times, a Claimant agrees to abide by all applicable laws, rules, regulations, instructions, conditions and final decisions of the CLC President.
 11. A Mega Millions ticket purchased in Connecticut must be validated and redeemed in Connecticut.
 12. A Mega Millions ticket shall satisfy all the requirements established by the CLC for validation of winning tickets sold through the On-Line Gaming System and any other validation requirements adopted by the Mega Millions Product Group and the Multi-State Lottery Association Board.
- C. An official Mega Millions ticket submitted for validation that fails any of the preceding validation conditions shall be void. If a defective Mega Millions ticket is purchased, if the CLC determines to adjust an error, or if a Mega Millions ticket claim is not paid by the CLC and a dispute occurs as to whether the ticket is a winning ticket, the CLC may, at its sole option, replace such ticket with either a coupon/voucher or a Mega Millions ticket of equal sales value. This shall be the Claimant's sole and exclusive remedy.

13. Procedures for Claiming and Payment of Prizes.

- A. Mega Millions prizes may be redeemed or claimed at CLC Headquarters, Retailers or High-Tier Claims Centers. Retailers may cash single winning tickets up to and including five hundred ninety-nine dollars (\$599); High-Tier Claims Centers may cash single winning tickets up to and including five thousand dollars (\$5,000); single winning tickets over five thousand dollars (\$5,000) must be cashed at CLC Headquarters. Prizes of \$50,000 or more must be claimed in person at CLC headquarters.

- B. Winning Mega Millions tickets are valid for one hundred eighty (180) calendar days from the date of the drawing.
 - C. State and federal withholding taxes, and any other statutorily required deductions, where applicable, shall be withheld from Mega Millions prizes in such amounts as are required.
 - D. Mega Millions prizes shall not be paid to any person(s) explicitly prohibited from playing the game as defined in MM Game Rule 33.1 and Section 24 of these Amendments.
 - E. Where multiple Claimants are entitled to a prize, the name of all Claimants should appear on the back of the winning ticket. If that is not possible, the name of at least one Claimant must appear on the back of the ticket, and the existence of other Claimants must be indicated (for example, by using words to the effect of "etc." or "et al."). In such a situation, a list of all Claimants must be submitted at the time of claiming a prize. The CLC shall be discharged of all liability upon payment to those Claimants indicated on the back of the ticket or on such list. If a ticket is owned in unequal shares, the CLC may pay any prize attributable to that ticket in such unequal proportion, unless doing so would constitute an unreasonable burden upon the CLC, in which case the CLC reserves the right to make payment to one Claimant designated by the multiple Claimants. Payment to such designated Claimant shall discharge the CLC from all liability for the payment of that prize to the multiple Claimants.
 - F. Consistent with Connecticut law, the winner's name and city/town, the date/amount of win, and the name/location of the CLC Retailer that sold the winning Mega Millions ticket are public information, and as such, may be disclosed in a press release or press conference. Mega Millions claims are newsworthy events. Therefore, winners may be requested to participate in events such as an interview or press conference. These publication requirements apply, but are not limited, to Grand Prize Winner(s).
14. Use of Play Slips. Players may submit a completed Mega Millions play slip to any Retailer to have issued an official Mega Millions ticket.
15. Placing of Wagers.
- A. Quick Pick. Players may either request a Quick Pick Mega Millions ticket from a Retailer, or may select the Quick Pick option on the play slip and submit the completed play slip to any Retailer. Quick Pick shall be differentiated from Customer Select in that Quick Pick shall refer to the random selection of numbers made by the On-Line Gaming System rather than by the Player.

- B. Customer Select. Players may select their own numbers by completing a Mega Millions play slip, or by conveying their number selections directly to a Retailer. Customer Select shall be differentiated from Quick Pick in that Customer Select shall refer to number selections made by the Player rather than the On-Line Gaming System.
16. Self-Service Terminals. Players may utilize any self-service terminal approved by the CLC for the purchase of official Mega Millions tickets.
17. Advance Action. Players may place wagers for up to twenty-six (26) future Mega Millions drawings by marking the Advance Action box on a Mega Millions play slip and selecting the number of draws, or by conveying their request to a Retailer. Advance Action play shall always include the next scheduled drawing. There may be only one (1) Advance Action play/wager per selection slip.
18. Replay Feature. Players may utilize the barcodes of already purchased Mega Millions tickets to duplicate another ticket of the same price and with the same number selections and options. To replay, Players may either make the request of a Retailer or may scan the barcode directly into a self-service terminal.
19. 60-Day Prize Election Period. Players shall have sixty (60) calendar days from the date when a winning Grand Prize ticket is presented for payment at CLC Headquarters to decide whether the prize will be paid as a Cash Payment or an Annuity Payment. Once the option is exercised, the Player's decision is final and irrevocable. If the selection option is not exercised by the Grand Prize winner within sixty (60) calendar days from the date when the winning ticket is presented for payment at CLC Headquarters, the CLC shall automatically issue payment as an Annuity Payment.
20. Play Restriction. Mega Millions tickets may not be sold to or purchased by minors under the age of eighteen (18). Minors under the age of eighteen (18) may not cash or redeem Mega Millions tickets.
21. Time, Place and Manner of Conducting Mega Millions Drawings.
- A. Sales for the next occurring Mega Millions drawing shall close a minimum of fifteen (15) minutes before the draw.
- B. The time, place and manner of drawings shall be conducted in accordance with procedures implemented by the Multi-State Lottery Association for the Mega Millions game.
22. President's Decisions. In the event of any occurrence not covered by the Official Mega Millions Game Rules, Purchasers and Claimants shall abide by the decisions of the CLC President, who shall make such decisions in the best interests of the CLC and the State

of Connecticut. In all cases of doubt, the CLC President's sole and exclusive determination shall be final and binding.

23. Cost Per Play. Official Mega Millions tickets may be purchased for one dollar (\$1.00) per play, or multiples thereof. The Player receives one (1) play for each one dollar (\$1.00) wagered. The Player may add on the Megaplier® feature for an additional one dollar (\$1.00) per play.
24. Ineligible Players. In addition to the individuals listed in MM Game Rule 33.1, Mega Millions tickets purchased in Connecticut and those offered for sale from any Party Lottery or Licensee Lottery shall not be purchased by, and a prize won by any such ticket or share, either in whole or in part, shall not be paid to:

MM RULE 27—GAME DESCRIPTION.

27.1 Mega Millions is a five (5) out of seventy-five (75) plus one (1) out of fifteen (15) on-line lottery game, drawn on the day(s), time(s) and location(s) as determined by the Mega Millions Lotteries, and that pays the Grand Prize, at the election of the player made in accordance with these rules or by a default election made in accordance with these rules, either on a graduated annual pari-mutuel basis or as a cash value option using a rate determined by the Mega Millions Finance Committee on a pari-mutuel basis. Except as provided in these rules, all other prizes are paid on a set cash basis. To play Mega Millions, a player shall select five (5) different numbers, from one (1) through seventy-five (75) and one (1) additional number from one (1) through fifteen (15), for input into a terminal. The additional number may be the same as one of the first five numbers selected by the player. Tickets can be purchased for one dollar (U.S. \$1.00), including any specific statutorily-mandated tax of a Party Lottery to be included in the price of a lottery ticket, either from a terminal operated by an agent (i.e., a clerk-activated terminal) or from a terminal operated by the player (i.e., a player-activated terminal). If purchased from an agent, the player may select a set of five numbers and one additional number by communicating the six (6) numbers to the agent, or by marking six (6) numbered squares in any one game board on a play slip and submitting the play slip to the agent or by requesting "computer pick" from the agent. The agent will then issue a ticket, via the terminal, containing the selected set or sets of numbers, each of which constitutes a game play. Tickets can be purchased from a player-activated terminal by use of a touch screen or by inserting a play slip into the machine. Tickets may also be purchased through a lottery ticketless transaction process system as provided in Rule 27.6.

Amended March 29, 2013; June 25, 2013 to be effective with the drawing on October 22, 2013.

27.2 Claims. A ticket (subject to the validation requirements set forth in Rule 31 (Ticket Validation)) shall be the only proof of a game play or plays and the submission of a winning ticket to the issuing Party Lottery or its authorized agent shall be the sole method of claiming a prize or prizes. A play slip has no pecuniary or prize value and shall not constitute evidence of ticket purchase or of numbers selected. A terminal produced paper receipt has no pecuniary or prize value and shall not constitute evidence of ticket purchase or of numbers selected.

27.3 Cancellations Prohibited. A ticket may not be voided or canceled by returning the ticket to the selling agent or to the lottery, including tickets that are printed in error. No ticket that can be used to claim a prize shall be returned to the lottery for credit. Tickets accepted by retailers as returned tickets and that cannot be re-sold shall be deemed owned by the bearer thereof.

Amended March 29, 2013.

Comment. Each member should check ticket numbers of returned tickets and report any returned tickets that contain a match for all of the numbers drawn to MUSL as non-winners after each draw. Tickets cannot be canceled. Good retailer relations may require a Party Lottery to compensate a retailer for tickets that are misprinted, illegible or, for other reason that may be acceptable to the Party lottery, cannot be sold by the retailer. This rule permits each Party Lottery, at its discretion, to compensate a retailer for a returned ticket that is not eligible to win a prize at the time it is returned to the Party Lottery. To avoid the appearance that a returned ticket is being canceled, the lottery should require that the ticket not be placed in transit until after the applicable drawing. Returned tickets are accepted only for a Party Lottery's auditing purposes and shall have no effect on the outcome of the drawing for which they were issued or reduce the Party Lottery's contribution to the jackpot prize pool. Tickets stolen by a retailer's hired clerk cannot be accepted by the lottery as canceled or returned tickets. Although the rule would permit a Party Lottery to compensate a retailer for the loss from theft if a lottery wishes to assume such a loss, the tickets cannot be canceled or returned to the lottery. The tickets are owned by, and winning tickets may be claimed by the retailer.

27.4 Player Responsibility. It shall be the sole responsibility of the player to verify the accuracy of the game play or plays and other data printed on the ticket. The placing of plays is done at the player's own risk through the on-line agent that is acting on behalf of the player in entering the play or plays.

Amended March 29, 2013.

27.5 Entry of Plays. Plays may only be entered manually using the lottery terminal keypad or touch screen or by means of a play slip provided by the Party Lottery and hand-marked by the player or by such other means approved by the Party Lottery. Retailers shall not permit the use of facsimiles of play slips, copies of play slips, or other materials that are inserted into the terminal's play slip reader that are not printed or approved by the Party Lottery. Retailers shall not permit any device to be connected to a lottery terminal to enter plays, except as approved by the Party Lottery.

27.6 Registration of Plays. Ticketless transaction plays may be registered by the lottery at a lottery processing site that meets the requirements established by the Product Group and the Security and Integrity Committee.

Amended March 29, 2013; June 25, 2013.

27.7 Maximum Purchase. Except for a subscription play purchase, the maximum number of consecutive drawings on a single ticket purchase is twenty-six (26). The maximum number of consecutive drawings encompassed by a subscription play purchase is one hundred four (104).

27.8 In the event of a matrix change, the Party Lottery that issued the subscription will determine the option(s) available to subscription purchasers from that Party Lottery for the balance of plays remaining on their subscriptions effective as of the date of the matrix change.

Amended March 29, 2013.

27.9 Except as set forth in Section 27.8, and notwithstanding Section 27.3, game play information for a subscription may be edited by a Party Lottery's subscription coordinator only when an error in the numbers entered has been identified, a change in the frequency of drawings occurs, or a change in the game matrix occurs. A subscription may be edited to correct an error in the numbers entered before the time of the first drawing for which the subscription is effective. (Liability for any number entered in error is limited to the Party Lottery that entered the number in error.) For a change in the game matrix, or for errors in the numbers entered that are identified after the first drawing under the subscription, the subscription coordinator may correct the subscription game play prospectively for the remaining number of draws on the subscription. The only other condition under which subscription game play may be edited is to correct the subscription end date if there is a change in the frequency of Mega Millions drawings.

Amended March 29, 2013.

MM RULE 28—PRIZE POOL

28.1 Prize Pool. The prize pool for all prize categories offered by the Party Lotteries shall consist of up to fifty-five percent (55%) of each drawing period's sales, including any specific statutorily-mandated tax of a Party Lottery to be included in the price of a lottery ticket, after the prize reserve accounts are funded to the amounts set by the Product Group, but may be higher or lower based upon the number of winners at each prize level, as well as the funding required to meet a guaranteed Annuity Grand Prize as may be required by Rule 30.1(a). Any amount remaining in the prize pool or reserves and set aside for the Party Lotteries at the end of this game shall be carried forward to a replacement game or expended in a manner as directed by the Product Group in accordance with jurisdiction law.

Amended Dec 31, 2009; September 21, 2010 to be effective December 1, 2010.

28.2 Prize Pool Accounts and Prize Reserve Accounts. An amount up to five percent (5%) of a Party Lottery's sales, including any specific statutorily mandated tax of a Party Lottery to be included in the price of a lottery ticket, shall be added to a Party Lottery's Grand Prize Pool contribution and placed in trust in one or more prize pool accounts and prize reserve accounts held by the Product Group at any time that the Party Lottery's share of the prize pool accounts and prize reserve account(s) is below the amounts designated by the Product Group.

The Product Group has established the following prize reserve account for the Mega Millions game: the Prize Reserve Account (PRA), which is used to guarantee the payment of valid, but unanticipated, Grand Prize claims that may result from a system error or other reason (subject to the limitations of these rules).

The Product Group has established the following prize pool accounts for the Mega Millions game; the Grand Prize pool, which is used to fund the immediate Grand Prize, the Set-Aside Account, which is used to guarantee payment of the minimum or starting Grand Prize; the Megaplier prize pool account, which is described in Part III of these rules; and the Low-Tier Prize Pool Account, which holds the temporary balances that may result from having fewer than expected winners in the low-tier set prize categories. The source of the Low-Tier Prize Pool is the Party Lottery's weekly prize contributions less actual set prize liability. The source of the Set-Aside Account funding is the difference between the amount in the Grand Prize Pool and the amount needed to fund Grand Prize payments as determined by the Mega Millions lotteries.

The Product Group, with approval of the Finance & Audit Committee, may establish a maximum balance for the prize pool accounts and prize reserve account.

The Product Group may determine to expend all or a portion of the funds in the prize pool accounts (except the Grand Prize pool account) and the prize reserve accounts (1) for the purpose of indemnifying the Party Lotteries and Licensee Lotteries in the payment of prizes to be made by the participating lotteries, subject to the approval of the Board; and (2) for the payment of prizes or special prizes in the game; subject to the approval of the Finance and Audit Committee. The prize reserve shares of a Party Lottery may be adjusted with refunds to the Party Lottery from the prize reserve account as may be needed to maintain the approved maximum balance and shares of the Party Lotteries. Any amount remaining in the prize pool accounts or prize reserve account at the end of this game shall be carried forward to a replacement game or expended in a manner as directed by the Members of the Product Group in accordance with jurisdiction law.

Amended September 21, 2010 to be effective December 1, 2010; March 29, 2013; June 25, 2013.

Comment. The MUSL Mega Millions Game Group shall decide the amount to be deducted from the Grand Prize category, up to a maximum deduction of five percent (5%) to build a prize reserve for payment of prizes. On September 21, 2010, the Product Group determined to set the deduction at two and five-tenths percent (2.5%), effective December 1, 2010. The Mega Millions reserve accounts and any Mega Millions rollover monies, to the extent they exist, may be used to fund a deficiency in Megaplier prizes. On June 16, 2011, the Product

Group determined to set the deduction at one and five-tenths percent (1.5%) effective beginning with the drawing of July 1, 2011. On January 31, 2013 the Product Group determined to set the deduction at one percent (1%) effective beginning with the drawing of April 2, 2013 (for a total prize pool of 51%). On March 22, 2013, the Product Group determined set the maximum PRA at forty-five million dollars (\$45,000,000.00).

28.3 Expected Prize Payout Percentages. The Grand Prize shall be determined on a pari-mutuel basis. Amended March 29, 2013; June 25, 2013 to be effective with the drawing on October 22, 2013.

(c) Liability Cap. Should total prize liability for all lotteries selling the Mega Millions game (exclusive of jackpot prize carry forward) exceed 300 percent (300%) of draw sales or 50 percent (50%) of draw sales plus fifty million dollars (\$50,000,000.00), whichever is less, (both hereinafter referred to as the "Liability Cap"), the second (2nd) through fifth (5th) prizes (two hundred fifty thousand dollars (\$250,000.00), ten thousand dollars (\$10,000.00), and one hundred fifty dollars (\$150.00 and \$150.00) prize levels) shall be paid on a pari-mutuel basis, provided, however, that in no event shall the pari-mutuel prize be greater than the official advertised prize. The amount to be used for the allocation of such pari-mutuel prizes (two (2) through five (5)) shall be the liability cap less the amount paid for the jackpot prize and prize levels six (6) through nine (9) ten dollars (\$10.00), seven dollars (\$7.00), three dollars (\$3.00) and two dollars (\$2.00) prize levels). To fund their portion of the Liability Cap, the Party Lotteries may utilize: **(i)** the amount allocated to the set prizes, including any Megaplier prizes, and carried forward from previous draws, if any, and **(ii)** an amount from the PRA. The California Lottery is excluded from this calculation for the low-tier prizes.

Amended March 29, 2013.

In the event the Liability Cap is met, the amount to fund the Grand/Jackpot Prize together with the amounts to fund prize levels six (6) through nine (9) shall be first paid from the Liability Cap amount. The balance of the Liability Cap, after deducting the Grand/Jackpot Prize and payment for prize levels six (6) through nine (9) (hereinafter referred to as the "Liability Cap Balance"), shall be applied to prize levels two (2) through five (5) on a pari-mutuel basis in accordance with the following formula:

Prize Level two (2) (normally two hundred fifty thousand dollars (\$250,000.00)) shall be an amount equal to sixty four and fifty three one hundredths percent (64.53%) of the Liability Cap Balance divided by the number of winners in Prize Level two (2);

Prize Level three (3) (normally ten thousand dollars (\$10,000.00)) shall be an amount equal to fourteen and sixty-three one hundredths percent (14.63%) of the Liability Cap Balance divided by the number of winners in Prize Level three (3); and

Prize Levels four (4) and five (5) (normally one hundred fifty dollars (\$150.00)) shall be an amount equal to twenty and eighty-four one hundredths percent (20.84%) of the Liability Cap Balance divided by the number of combined winners in Prize Levels four (4) and five (5).

Amended March 29, 2013.

(c) Pari-mutuel Prize Determinations.

(c)(1) Except as otherwise provided for in 28.3(c)(2):

(c)(1)(a) If the total of the set prizes awarded in a drawing exceeds the percentage of the prize pool allocated to the set prizes, then the amount needed to fund the set prizes, including Megaplier prizes, awarded shall be drawn from the following sources, in the following order:

(i) the amount allocated to the set prizes and carried forward from previous draws, if any;

(ii) an amount from the PRA, if available, not to exceed forty million dollars (\$40,000,000.00) per drawing.

(c)(1)(b) If, after these sources are depleted, there are not sufficient funds to pay the set prizes awarded, including Megaplier prizes, then the highest set prize shall become a pari-mutuel prize. If the amount of the highest set prize, when paid on a pari-mutuel basis, drops to or below the next highest set prize and there are still not sufficient funds to pay the remaining set prizes awarded, then the next highest set prize shall become a pari-mutuel prize. This procedure shall continue down through all set prize levels, if necessary, until all set prize levels become pari-mutuel prize levels.

(c)(2) By agreement with the Mega Millions Lotteries, the Mega Millions Lotteries shall independently calculate their set pari-mutuel prize amounts. The Party Lotteries and the Mega Millions Lotteries shall then agree to set the pari-mutuel prize amount for all lotteries selling the game at the lesser of the independently-calculated prize amounts.

Amended March 29, 2013; June 25, 2013 to be effective with the drawing on October 22, 2013.

Comment. The California Lottery is excluded from the Party Lotteries and other Licensee Lotteries pari-mutuel prize calculations.

(d) Except as may be required by Rule 30.1(a), the official advertised Grand Prize annuity amount is subject to change based on sales forecasts and/or actual sales.

Amended Dec 31, 2009; June 3, 2010 to be effective September 14, 2010.

(e) Subject to the laws and rules governing each Party Lottery, the number of prize categories and the allocation of the prize fund among the prize categories may be changed at the discretion of the Mega Millions Lotteries, for promotional purposes. Such change shall be announced by Mega Millions Lotteries.

MM RULE 29 PROBABILITY OF WINNING. MM RULE 30 PRIZE PAYMENT

30.1 Grand Prize

(a) The prize money allocated from the current Mega Millions prize pool for the Grand Prize, plus any previous portions of prize money allocated to the Grand Prize category in which no matching tickets were sold will be divided equally among all jackpot prize winning plays in all participating lotteries. The annuity Grand Prize amount will be paid in thirty (30) graduated annual installments. Grand Prizes won shall be funded by the Selling Lotteries in accordance with the formula set by the Mega Millions lotteries. The Mega Millions lotteries may set a minimum guaranteed annuity Grand Prize amount that shall be advertised by the selling lotteries as the starting guaranteed annuity Grand Prize amount.

Amended Dec 31, 2009; June 3, 2010 to be effective September 14, 2010; March 29, 2013; June 25, 2013 to be effective with the drawing on October 22, 2013.

Comment. The Mega Millions lotteries have set the guaranteed starting annuity Grand Prize amount at \$12 million. Each successive Annuitized Grand Prize in the same roll cycle will be at least one million dollars (\$1,000,000.00) more than the previously established annuity Grand Prize amount. Beginning with the October 22, 2013 drawing, the Mega Millions lotteries have set the guaranteed starting annuity Grand Prize amount at fifteen million dollars (\$15,000,000.00). Each successive Annuitized Grand Prize in the same roll cycle will be at least five million dollars (\$5,000,000.00) more than the previously established annuity Grand Prize amount.

(b) If, in any Mega Millions drawing there are no Mega Millions plays that qualify for the Grand Prize category, the portion of the prize fund allocated to such Grand Prize category shall remain in the jackpot prize category and be added to the amount allocated for the Grand Prize category in the next consecutive Mega Millions drawing.

Amended March 29, 2013.

(c) Unless there is a different Party Lottery rule, Grand prizes shall be paid, at the election of the player made no later than sixty (60) days after the player becomes entitled to the prize, with either a per winner annuity or cash payment. If the payment election is not made by the player within sixty (60) days after the player becomes entitled to the prize, then the prize shall be paid as an annuity prize. The election to take the cash payment may be made within sixty (60) days after the player becomes entitled to the prize. An election made after the winner becomes entitled to the prize is final and cannot be revoked, withdrawn or otherwise changed.

Amended March 29, 2013.

(d) In the event of a prize winner who selects the cash value option, the prize winner's share shall be paid in a single payment upon completion of internal validation procedures. The cash option shall be determined by the Product Group.

Amended Dec 31, 2009

Comment. On December 23, 2009, the Product Group determined that, unless a different method is required by a Mega Millions Lottery law or rule, the cash option amount shall be determined by the Grand Prize pool contribution percentage. In cases controlled by Mega Millions Lottery law or rule, the cash option may be determined by dividing the Grand Prize annuity amount by a rate established by the Mega Millions Finance Committee prior to each drawing divided by the number of total Grand Prize winning plays.

(e) Graduated annual payment option jackpot prizes shall be paid in thirty (30) graduated annual installments upon completion of internal validation procedures. The initial payment shall be paid upon completion of internal validation procedures. The subsequent twenty-nine (29) payments shall be paid graduated annually to coincide with the month of the Federal auction on date at which the bonds were purchased to fund the annuity, with graduated annual installments defined in the Mega Millions Lotteries' Finance and Operations Procedures. Payments shall escalate by a factor of five percent (5%) annually, and annual payments shall be rounded down to the nearest even one thousand dollar (\$1,000.00) increment. . All such payments shall be made within seven (7) days of the anniversary of the annual auction date.
Amended March 29, 2013; June 25, 2013 to be effective with the drawing on October 22, 2013.

(f) If individual shares of the cash held to fund an annuity is less than two hundred fifty-thousand dollars (\$250,000.00), the Product Group, in its sole discretion, may elect to pay the winners their share of the cash held in the Grand Prize pool.
Amended March 29, 2013; June 25, 2013 to be effective with the drawing on October 22, 2013.

(g) Funds for the initial payment of an annuitized prize or the lump sum cash prize shall be made available by MUSL for payment by the Party Lottery on a schedule approved by the Product Group. If necessary, when the due date for the payment of a prize occurs before the receipt of funds in the prize pool trust sufficient to pay the prize, the transfer of funds for the payment of the full lump sum cash amount may be delayed pending receipt of funds from the Party Lotteries or other lotteries participating in the Mega Millions Game. A Party Lottery may elect to make the initial payment from its own funds after validation, with notice to MUSL.
Amended Dec 31, 2009.

Comment. On December 23, 2009, the Product Group approved a schedule to immediately transfer funds to a Party Lottery reporting a winner after the Party Lottery validates the prize claim, subject to the approved collection schedule for a transfer within fifteen (15) calendar days and the availability of funds to make the transfer. Grand Prize amounts held by MUSL shall be transferred to the Mega Millions Lottery's Mega Millions Clearinghouse, (currently the Virginia Lottery) within fifteen (15) calendar days after a Mega Millions Lottery reports a winner.

(h) In the event of the death of a lottery winner sold by a Party Lottery during the annuity payment period, the MUSL Finance & Audit Committee, in its sole discretion excepting a discretionary review by the Product Group, upon the petition of the estate of the lottery winner (the "Estate") to the lottery of the jurisdiction in which the deceased lottery winner purchased the winning ticket, and subject to federal, state, district or territorial applicable laws, may accelerate the payment of all of the remaining lottery proceeds to the Estate. If such a determination is made, then securities and/or cash held to fund the deceased lottery winner's annuitized prize may be distributed to the Estate. The identification of the securities to fund the annuitized prize shall be at the sole discretion of the Finance & Audit Committee or the Product Group.

Comment. This Rule is intended to provide players with the advantages offered by the changes made to 26 U.S.C. consistent with the purposes, requirements, and restrictions of that code section. A Party Lottery's share of MUSL non-game earnings may be used to fund annuity payments, as may be needed, in a manner other than provided for in this rule, due to mandates of local laws.

□§451. The

30.2 Low-Tier Cash Prize Payments. All low-tier cash prizes (all prizes except the Grand Prize) shall be paid in cash or warrants through the Party Lottery that sold the winning ticket(s). A Party Lottery may begin paying low-tier cash prizes after receiving authorization to pay from the MUSL central office.

Amended March 29, 2013.

30.3 Prizes Rounded. Annuitized payments of the Grand Prize or a share of the Grand Prize may be rounded to facilitate the purchase of an appropriate funding mechanism. Breakage on an annuitized Grand Prize win shall be added to the first cash payment to the winner or winners. Prizes other than the Grand Prize that, under these rules, may become single-payment, pari-mutuel prizes, may be rounded down so that prizes can be paid in multiples of whole dollars. Breakage resulting from rounding these prizes shall be carried forward to the prize pool for the next drawing.

Amended March 29, 2013.

30.4 Rollover. If the Grand Prize is not won in a drawing, the prize money allocated for the Grand Prize shall roll over and be added to the Grand Prize pool for the following drawing.

30.5 [Reserved for future use].

30.6 Limited to Highest Prize Won. The holder of a winning ticket may win only one (1) prize per Play in connection with the winning numbers drawn, and shall be entitled only to the prize won by those numbers in the highest matching prize category.

Amended March 29, 2013.

30.7 Prize Claim Period. Prize claims shall be submitted within the period set by the Party Lottery selling the ticket. If no such claim period is established, all grand prize claims shall be made within one hundred eighty (180) days after the drawing date.

Amended March 29, 2013.

MM RULE 31—TICKET VALIDATION.

31.1 To be a valid ticket and eligible to receive a prize, a ticket shall satisfy all the requirements established by a Party Lottery for validation of winning tickets sold through its on-line system and any other validation requirements adopted by the Product Group, the MUSL Board and published as the Confidential MUSL Minimum Game Security Standards. The MUSL and the Party Lotteries shall not be responsible for tickets that are altered in any manner.

Amended March 29, 2013.

31.2 Under no circumstances will a claim be paid for either the Grand Prize or the Second Prize without an official Mega Millions ticket (or subscription) matching all game play, serial number and other validation data residing in the selling Party Lottery's gaming system

- (h) The ticket data must have been recorded on the central computer system prior to the drawing and the ticket data must match this computer record in every respect. In the event of a contradiction between information as printed on the ticket and as accepted by the Party Lottery computer, the wager accepted by the Party Lottery computer shall be the valid wager;
- (i) The player or computer number selections, validation data and the drawing date(s) of an apparent winning ticket must appear on the official file of winning tickets, and a ticket with that exact data must not have been previously paid;
- (j) The ticket must not be misregistered, defectively printed or printed or produced in error to an extent that it cannot be processed by the Party Lottery that issued the ticket;
- (k) The ticket must pass validation tests using a minimum of three (3) of the five (5) validation methods as defined in the Mega Millions Finance and Operations Procedures, Section 15. In addition, the ticket must pass all other confidential security checks of the Party Lottery that issued the ticket;
- (l) In submitting a Mega Millions ticket for validation, the claimant agrees to abide by applicable laws, all rules and regulations, instructions, conditions and final decisions of the Director of the Party Lottery that issued the ticket;

(m) There must not be any other breach of these Mega Millions Rules in relation to the ticket that, in the opinion of the Director of the Party Lottery that issued the ticket, justifies invalidation.

Amended March 29, 2013.

(n) The ticket must be submitted to the Party Lottery that issued it.

31.4 An Official Mega Millions Ticket submitted for validation that fails any of the preceding validation conditions shall be considered void, subject to the following determinations:

Amended March 29, 2013.

(a) In all cases of doubt, the determination of the Party Lottery that sold the Mega Millions ticket, shall be final and binding; however, the Party Lottery may, at their option, replace an invalid ticket with a Mega Millions ticket of equivalent sales price;

Amended March 29, 2013.

(b) In the event a defective ticket is purchased or in the event the Party Lottery determines to adjust an error, the Claimant's sole and exclusive remedy shall be the replacement of such defective or erroneous ticket(s) with a Mega Millions ticket of equivalent sales price;

(c) In the event a Mega Millions ticket is not paid by a Party Lottery and a dispute occurs as to whether the ticket is a winning ticket, the Party Lottery may, at its option, replace the ticket as provided in paragraph (a) of this subsection. This shall be the sole and exclusive remedy of the Claimant unless the laws or regulations governing the Party Lottery provide for further administrative review.

MM RULE 32—TICKET RESPONSIBILITY.

32.1 Prize Claims. Prize claim procedures shall be governed by the rules of the selling lottery. The MUSL and the Selling Lotteries shall not be responsible for prizes that are not claimed following the proper procedures as determined by the selling lottery.

Amended March 29, 2013; June 25, 2013.

32.2 Reserved. *Amended June 25, 2013.*

32.3 Stolen Tickets. The Product Group, the MUSL and the Party Lotteries shall not be responsible for lost or stolen tickets.

32.4 Subscription Plays. A receipt for a ticketless transaction play has no value and is not evidence of a play. A ticketless transaction play is valid when registered with the lottery in accordance with lottery rules and the person or, if permitted by the lottery rules, the persons registering the play shall be the owner of the ticketless transaction play.

Amended June 25, 2013.

32.5 The Party Lotteries shall not be responsible to a prize claimant for Mega Millions tickets redeemed in error by a Mega Millions agent, sales agent or retailer.

32.6 Winners are determined by the numbers drawn and certified by the independent auditor responsible for auditing the Mega Millions draw. MUSL and the Party Lotteries are not responsible for Mega Millions winning numbers reported in error.

33.2 Those persons designated by a Party Lottery's law as ineligible to play its games shall also be ineligible to play the MUSL game in that Party Lottery's jurisdiction.

33.3 A ticket or share of the Mega Millions game may not be purchased in any lottery jurisdiction by any Party Lottery board member; commissioner; officer; employee; or spouse, child brother, sister or parent residing as a member of the same household in the principle place of residence of any such person. Prizes shall not be paid to any persons prohibited from playing Mega Millions in a particular jurisdiction by rules, governing law, or any contract executed by the Selling Lottery.

MM RULE 34—APPLICABLE LAW.

In purchasing a ticket, the purchaser agrees to comply with and abide by all applicable laws, rules, regulations, procedures, and decisions of the Party Lottery where the ticket was purchased, and by directives and determinations of the director of that Party Lottery. Additionally, the player shall be bound to all applicable provisions in the Mega Millions Finance and Operations Procedures. Nothing in this rule shall be construed as a waiver of any defense or claim a Party Lottery may have in the event a player pursues litigation against the Party Lottery, its officers, or employees. All decisions made by a Party Lottery, including the declaration of prizes and the payment thereof and the interpretation of Mega Millions Rules, shall be final and binding on all purchasers and on every person making a claim in respect thereof, but only in the jurisdiction where the Mega Millions ticket was issued.

MM RULE A — PROMOTION DESCRIPTION.

The Mega Millions Megaplier promotion is a limited extension of the Mega Millions game and is conducted in accordance with the Mega Millions game rules and other lottery rules applicable to the Mega Millions game except as may be amended herein. The promotion will begin at a time announced by the Party Lottery and will continue until discontinued by the lottery. The promotion will offer to the owners of a qualifying play a chance to multiply or increase the amount of any of the lump sum Set Prizes (the lump sum prizes normally paying one dollar (\$1.00) to one million dollars (\$1,000,000.00)) won in a drawing held during the promotion. The Grand Prize is not a Set Prize and will not be multiplied or increased by means of the Megaplier promotion.

MM RULE C — PRIZES TO BE MULTIPLIED OR INCREASED.

A qualifying play that wins one of the lump sum Set Prizes will be multiplied by the number selected, either two, three, four, or five (2, 3, 4, or 5), in a separate random Megaplier drawing announced in a manner approved by the Product Group.

Amended June 3, 2010 to be effective when promulgated by the lottery and September 21, 2010 to be effective to be effective December 1, 2010; March 29, 2013; June 25, 2013 to be effective with the drawing on October 22, 2013..

Before each Mega Millions drawing a single number (2, 3, 4 or 5) shall be drawn. The Mega Millions Group may change one or more of the multiplier features for special promotions from time to time. In the event the multiplier drawing does not occur prior to the Mega Millions drawing, the multiplier number will be a 5 (five), which shall solely be determined by the lottery authorized to conduct the "Megaplier" drawing.

The Megaplier Prize Pool for all prize categories offered by the Party Lotteries shall consist of up to fifty-five percent (55%) of each drawing period's sales, as determined by the Game Group, including any specific statutorily-mandated tax of a Party Lottery to be included in the price of a lottery ticket. The Megaplier prize pool shall be carried forward to subsequent draws if all or a portion of it is not needed to pay the Megaplier prizes awarded in the current draw and held in the Megaplier Pool Account.

Amended September 21, 2010 to be effective December 1, 2010; March 29, 2013; June 25, 2013

On June 16, 2011, the Product Group determined to set the Megaplier Prize Pool at fifty-one and five-tenths percent (51.5%) effective beginning with the drawing of July 1, 2011. E(2) Megaplier Prize Pool Account. Any amount not used to pay for multiplied prizes may be collected and placed in the Megaplier Prize Pool until the prize pool account reaches the amount designated by the Product Group. Any amount remaining in the Megaplier Prize Pool Account at the end of this game shall be carried forward to a replacement game or expended in a manner as directed by the Members of the Product Group in accordance with jurisdiction law.

Amended March 29, 2013; June 25, 2013.

E(3) Expected Prize Payout. Except as provided in these rules, all prizes awarded shall be paid as lump sum set prizes. Instead of the Mega Millions set prize amounts, qualifying Megaplier plays will pay the amounts shown below when matched with the Megaplier number drawn:

Prize Levels	Standard		With Megaplier Purchase		
Prize Levels with Megaplier Purchase and Multiplier					
	Standard	2x	3X	4X	5X
Match 5+0	\$1,000,000.00	\$2,000,000.00	\$3,000,000.00	\$4,000,000.00	\$5,000,000.00
Match 4+1	\$5,000.00	\$10,000.00	\$15,000.00	\$20,000.00	\$25,000.00
Match 4+0	\$500.00	\$1,000.00	\$1,500.00	\$2,000.00	\$2,500.00

Match 1+1	\$2.00	\$4.00	\$6.00	\$8.00	\$10.00
Match 0+1	\$1.00	\$2.00	\$3.00	\$4.00	\$5.00
Multiplier numbers do not apply to the Mega Millions Grand Prize					

Amended March 29, 2013; June 25, 2013 to be effective with the drawing on October 22, 2013..

In certain rare instances, the Mega Millions set prize amount may be less than the amount shown.

In such case, the Megaplier prizes will be a multiple of the changed Mega Millions prize amount announced after the draw. For example, if the Match 4+1 Mega Millions set prize amount of five thousand dollars (\$5,000.00) becomes two thousand dollars (\$2,000.00) under the rules of the Mega Millions game, then a Megaplier player winning that prize amount with a 4X multiplier would win eight thousand dollars (\$8,000: two thousand dollars multiplied by four (\$2,000.00 x 4)).

Amended June 3, 2010 to be effective when promulgated by the lottery and September 21, 2010 to be effective December 1, 2010; October 25, 2011; March 29, 2013; June 25, 2013 to be effective with the drawing on October 22, 2013.

MM RULE F — PROBABILITY OF WINNING. The following table sets forth the probability of the various Megaplier numbers being drawn during a single Mega Millions drawing. The Product Group may elect to run limited promotions that may modify the multiplier features.

Megaplier	Probability of Prize Increase
5X - Prize Won Times 5	6 in 15
4X - Prize Won Times 4	3 in 15
3X - Prize Won Times 3	4 in 15
2X - Prize Won Times 2	2 in 15
Multiplier numbers do not apply to the Mega Millions Grand Prize.	

Amended June 3, 2010 to be effective when promulgated by the lotteries and September 21, 2010 to be effective December 1, 2010; October 25, 2011; March 29, 2013; June 25, 2013 to be effective with the drawing on October 22, 2013.

MM RULE G – LIMITATION ON PAYMENT OF MEGAPLIER PRIZES

G(1) Prize Pool Carried Forward. The prize pool percentage allocated to the Megaplier set prizes shall be carried forward to subsequent draws if all or a portion of it is not needed to pay the set prizes awarded in the current draw or may be held in a prize reserve account.

G(2) Pari-Mutuel Prizes—All Prize Amounts. If the total of the original Mega Millions set prizes and the Megaplier prize amounts awarded in a drawing exceeds the percentage of the prize pools allocated to the set prizes, then the amount needed to fund the set prizes (including the Megaplier prize amounts) awarded shall be drawn from the following sources, in the following order: (i) the amount allocated to the set prizes (including Megaplier prize amounts) and carried forward from previous draws, if any; (ii) an amount from the Mega Millions reserve accounts not to exceed the lesser of three hundred percent (300%) of draw sales or fifty percent (50%) of draw sales plus fifty million dollars (\$50 million). If, after these sources are depleted, there are not sufficient funds to pay the set prizes awarded (including Megaplier prize amounts), then the prize levels two (2) through five (5) shall become a pari-mutuel prize, as set out in Rule 28.3(c). The Mega Millions and Megaplier prize pools shall be combined in the rare instance when the set prizes, pursuant to the rules, are paid on a pari-mutuel basis, so that the multipliers, as provided for in the rules, will remain in effect for all applicable prize levels. The Match 5+0 prizes may be reduced as announced by the Mega Millions Product Group.

Amended September 21, 2010 to be effective December 1, 2010; March 29, 2013.

G(2)(a) Pari-Mutuel Prizes—All Prize Amounts. Except as otherwise provided for in G(2)(b):

G(2)(a)(1) If the total of the original Mega Millions set prizes and the Megaplier prize amounts awarded in a drawing exceeds the percentage of the prize pools allocated to the set prizes, then the amount needed to fund the set prizes (including the Megaplier prize amounts) awarded shall be drawn from the following sources, in the following order:

(i) the amount allocated to the set prizes (including Megaplier prize amounts) and carried forward from previous draws, if any;

(ii) an amount from the Mega Millions Prize Reserve Account, if available in the account, not to exceed forty million dollars (\$40,000,000.00) per drawing.

G(2)(a)(2) If, after these sources are depleted, there are not sufficient funds to pay the set prizes awarded (including Megaplier prize amounts), then the highest set prize (including the Megaplier prize amounts) shall become a pari-mutuel prize. If the amount of the highest set prize, when paid on a pari-mutuel basis, drops to or below the next highest set prize and there are still not sufficient funds to pay the remaining set prizes awarded, then the next highest set

prize, including the Megaplier prize amount, shall become a pari-mutuel prize. This procedure shall continue down through all set prizes levels, if necessary, until all set prize levels become pari-mutuel prize levels. In that instance, the money available from the funding sources listed in this rule shall be divided among the winning plays in proportion to their respective prize percentages. Mega Millions and Megaplier prizes will be reduced by the same percentage.

Comment. By action on June 25 effective with the October 22, 2013 drawing, the Product Group agreed to combine the Mega Millions and Megaplier prize pools in the rare instance when the set prizes, including the Megaplier prizes, pursuant to the rules, are paid on a pari-mutuel basis.

G(2)(b) By agreement with the Mega Millions Lotteries, the Mega Millions Lotteries shall independently calculate their set pari-mutuel prize amounts, including the Megaplier prize amounts. The Party Lotteries and the Mega Millions Lotteries shall then agree to set the pari-mutuel prize amounts for all lotteries selling the game at the lesser of the independently-calculated prize amounts.

Amended September 21, 2010 to be effective December 1, 2010; March 29, 2013; June 25, 2013 to be effective with the drawing on October 22, 2013.

Comment. The California Lottery is excluded from the Party Lotteries and other Licensee Lotteries pari-mutuel prize calculations.

MM RULE H – PRIZE PAYMENT

H(1) Prize Payments. All Megaplier prizes shall be paid in one lump sum through the Party Lottery that sold the winning ticket(s). A Party Lottery may begin paying Megaplier prizes after receiving authorization to pay from the MUSL central office.

H(2) Prizes Rounded. Prizes that, under these rules, may become pari-mutuel prizes, may be rounded down so that prizes can be paid in whole dollars. Breakage resulting from rounding these prizes shall be carried forward to the prize pool for the next drawing.

Amended September 21, 2010 to be effective December 1, 2010; March 29, 2013.
