

NOTICE OF AMENDMENT TO COMMENT TO PB RULE 28

On June 15, 2016, the Comment to PB Rule 28 was amended, effective for the drawing on July 2, 2016. The full text of that Comment, as amended, follows:

The SPRA and the SPP, to the extent they exist, may be used to fund a deficiency in Power Play multiplier prizes; but monies from the GPP may not be used to fund or increase a Power Play prize. As permitted by Rule 30.5 and as required by Rule 28.2(a)(iii), on October 25, 2011, the Powerball Product Group set the maximum SAP balance amount at \$20 million and the maximum SPRA balance amount at \$40 million. As required by Rule 28.2(a)(iii), on November 15, 2012, the Product Group set the maximum PRA balance amount at \$80 million.

On May 13, 2013, the Group determined that, effective October 1, 2013, the prize pool and reserve deduction is set to begin at two percent (2%) when the annuity Grand Prize, as determined after sales are known, exceeds one hundred twenty million (\$120,000,000.00), and four percent (4%) when the annuity Grand Prize, as determined after sales are known exceeds two hundred fifty million dollars (\$250,000,000.00). Any amount of the prize pool and reserve deduction shall first be used to fund the SAP until it reaches its maximum established balance amount, and then shall be used to fund the prize reserve accounts until they reach their individual maximum established balance amounts. Any amount of the prize pool and reserve deduction not used to fund the SAP or prize reserve accounts shall become part of the GPP.

As required by Rule 28.2(a)(iii), on September 23, 2015, as modified by Group action on January 27, 2016, and on June 15, 2016, the Group established a balance limit trigger for the GPCFP as follows: Effective with the drawing on July 2 2016, at any time that the GPCFP is below forty-five million dollars (\$45,000,000) prior to a drawing, the GPCFP deduction from a Party Lottery's GPP contribution for that drawing shall be equal to a maximum of four percent (4%) of a Party Lottery's sales when the annuity Grand Prize, as determined after sales are known, exceeds one hundred twenty million dollars (\$120,000,000.00); the GPCFP percentage shall be reduced by the percentage of sales being actually contributed to the SAP, SPRA or the PRA. . At any time that the GPCFP exceeds forty-five million dollars (\$45,000,000) prior to a drawing, there shall be no GPCFP deduction for that drawing. On June 15, 2016 the Group agreed to continue contributions to the GPCFP after August 2, 2017. Approval of the Group is required to change the prize pool and prize reserve deduction percentages, maximum balances and balance limit trigger levels.

11. Lost or Stolen Tickets. Lost or stolen Powerball tickets shall not be honored or processed for payment or replacement. The CLC shall not be responsible for lost or stolen Powerball tickets.
12. Ticket Validation Requirements.
 - A. The CLC will not pay a prize unless an official Powerball ticket meets and passes all validation criteria. Such ticket shall be the only valid proof of the wager placed and must be presented to claim or redeem a prize. It shall be solely the bearer's responsibility to present a ticket that can be validated in accordance with the validation criteria, as established in the CLC's sole discretion.
 - B. In addition, all of the following conditions must be met:
 1. The validation data on the ticket must be present in its entirety and must correspond, using the Terminal Gaming System's validation files, to the information printed on the ticket for the drawing date(s) printed on the ticket.
 2. The ticket must not be stolen, counterfeit, altered, fraudulent, unissued, issued in error, unreadable, not received, unclaimed, not recorded by the CLC within applicable deadlines, lacking in captions that conform and agree with the play symbols appropriate to Powerball, or not in compliance with specific rules and with confidential validation and security tests. The CLC, the Multi-State Lottery Association and the Selling Lotteries shall not be responsible for paying any prize in connection with such a ticket.
 3. The ticket must have been issued by a licensed Retailer on official ticket stock.

4. The ticket must not have been stolen, to the knowledge of the CLC at the time of presentation.
 5. The ticket must be submitted for payment in accordance with the CLC's authorized claim procedures.
 6. The ticket data must have been recorded in the Terminal Gaming System prior to the drawing, and the ticket data must match this computer record in every respect. In the event of a contradiction between information as printed on the ticket and as accepted by the Terminal Gaming System, the wager accepted by the Terminal Gaming System shall be the valid wager.
 7. The number selections, ticket serial number, validation data and the drawing date(s) of an apparent winning ticket must appear in the Terminal Gaming System's files of winning tickets, and a ticket with that exact data must not have been previously paid.
 8. The ticket must not be unregistered, defectively printed or printed/produced in error to the extent that the CLC cannot process and/or validate it.
 9. There must not be any other violation of the Official Powerball Game Rules in relation to the ticket which, in the opinion of the CLC President, justifies invalidation.
 10. At all times, a Claimant agrees to abide by all applicable laws, rules, regulations, instructions, conditions and final decisions of the CLC President.
 11. A Powerball ticket purchased in Connecticut must be validated and redeemed in Connecticut.
 12. A Powerball ticket shall satisfy all of the requirements established by the CLC for validation of winning tickets sold through the Terminal Gaming System and any other validation requirements adopted by the Powerball Product Group and the Multi-State Lottery Association Board.
- C. An official Powerball ticket submitted for validation that fails any of the preceding requirements shall be void. If a defective Powerball ticket is purchased, if the CLC determines to adjust an error, or if there is a dispute between the CLC and a ticket bearer as to whether the ticket is a winning ticket, and if the ticket prize is not paid by the CLC, the CLC President may, in his/her sole discretion, reimburse the ticket bearer the purchase price of the ticket, supply a coupon/voucher of equal sales value, or both. This shall be the ticket bearer's sole and exclusive remedy.

13. Procedures for Claiming and Payment of Prizes.

- A. Powerball prizes may be redeemed or claimed at CLC Headquarters, Retailers or high-tier claims centers. Retailers may cash single winning tickets up to and including five hundred ninety-nine dollars (\$599); high-tier claims centers may cash single winning tickets up to and including five thousand dollars (\$5,000); single winning tickets over five thousand dollars (\$5,000) must be cashed at CLC Headquarters. Prizes of \$50,000 or more must be claimed in person at CLC headquarters. Winning tickets shall be processed in accordance with the CLC's authorized cashing and claiming policies and procedures.

- B. Winning Powerball tickets are valid for one hundred eighty (180) calendar days from the date of the drawing.
 - C. State and federal withholding taxes, and any other required deductions, where applicable, shall be withheld from Powerball prizes in such amounts as are required by law.
 - D. Powerball prizes shall not be paid to any person(s) explicitly prohibited from playing the game as defined in PB Game Rule 33.1 and Section 24 of these Amendments.
 - E. Where multiple Claimants are entitled to a prize, the name of all Claimants should appear on the back of the winning ticket. If that is not possible, the name of at least one (1) Claimant must appear on the back of the ticket, and the existence of other Claimants must be indicated (for example, by using words to the effect of “etc.” or “et al.”). In such a situation, a list of all Claimants must be submitted, and all CLC cashing and claiming procedures must be followed. The CLC shall be discharged of all liability upon payment to those Claimants indicated on the back of the ticket or on such list. If a ticket is owned in unequal shares, the CLC may pay any prize attributable to that ticket in such unequal proportion, unless doing so would constitute an unreasonable burden upon the CLC, in which case the CLC reserves the right to make payment to one Claimant designated by the multiple Claimants. Payment to such designated Claimant shall discharge the CLC from all liability for the payment of that prize to the multiple Claimants.
 - F. Consistent with Connecticut law, the winner’s name and city/town, the date/amount of win, and the name/location of the CLC Retailer that sold the winning Powerball ticket are public information and, as such, may be disclosed in a press release or press conference. Powerball claims are newsworthy events. Therefore, winners may be requested to participate in events such as an interview or press conference. These publication requirements apply, but are not limited, to Grand Prize Winner(s).
14. Use of Play Slips. Players may submit a completed Powerball play slip to any Retailer to purchase an official Powerball ticket.
15. Placing of Wagers.
- A. Quick Pick. “Quick Pick” refers to the random selection of numbers resulting in a wager accepted by the Terminal Gaming System. Advance Action play shall always include the next scheduled drawing. There may be only one (1) Advance Action play/wager per selection slip.
18. Replay Feature. Players may utilize the barcodes of already purchased Powerball tickets to duplicate another ticket of the same price, for the same number of drawings, with the same number selections, and any other options, including whether the Player purchased Power Play. To replay, Players may either make the request of a Retailer or may scan the barcode directly into a self-service terminal.
19. 60-Day Prize Election Period. Players shall have sixty (60) calendar days from the date when a winning Grand Prize ticket is presented for payment at CLC Headquarters to decide whether the prize will be paid as a Cash Payment or an Annuity Payment. Once the option is exercised, the Player's decision is final and irrevocable. If the selection option is not exercised by the Grand Prize winner within sixty (60) calendar days from the date when the winning ticket is presented for payment at CLC Headquarters, the CLC shall automatically issue payment as an Annuity Payment.
20. Play Restriction. Powerball tickets may not be sold to or purchased by anyone under the age of eighteen (18). No one under the age of eighteen (18) may cash Powerball tickets.

In all cases of doubt, the CLC President's sole and exclusive determination shall be final and binding.
23. Cost Per Play. Official Powerball tickets may be purchased for two dollars (\$2.00) per play, or multiples thereof. The Player receives one (1) play for each two dollars (\$2.00)

wagered. The Player may add on the Power Play feature for an additional one dollar (\$1.00) per play.

Except as provided in these rules, all other prizes are paid on a single payment basis. Powerball Winning Numbers applicable to determine Powerball prizes will be determined in the Powerball Drawing event.

To play Powerball, a player shall select (or computer pick) five (5) different numbers, from one (1) through sixty-nine (69) and one (1) additional number from one (1) through twenty-six (26). The additional number may be the same as one of the first five numbers selected by the player.

Plays may be purchased from a Selling Lottery approved sales outlet in a manner as approved by the Selling Lottery and in accordance with MUSL Rules

The Drawing Procedures shall include procedures for randomly selecting the Powerball game Winning Numbers and the Power Play multiplier.

Amended December 21, 1998, February 3, 2002; July 5, 2002; May 4, 2005; August 20, 2008; December 8-9, 2009; June 14, 2011 and effective for draws beginning January 18, 2012; November 15, 2012; June 25, 2013; June 5, 2014; December 10, 2014; December 30, 2014; May 22, 2015 to be effective with the October 7, 2015 drawing; October 22, 2015 to be effective with the February 3, 2016 drawing.

27.2 Claims. Unless otherwise permitted by a selling lottery, a ticket (subject to the validation requirements set forth in Rule 31 (Ticket Validation)) or properly registered ticketless transaction shall be the only proof of a game Play or Plays and the submission of a winning ticket to the issuing Selling Lottery or its authorized agent shall be the sole method of claiming a prize or prizes. A Play Slip has no pecuniary or prize value and shall not constitute evidence of play purchase or of numbers selected. A terminal-produced paper receipt has no pecuniary or prize value and shall not constitute evidence of play purchase or of numbers selected.

Amended October 5, 2004; December 8-9, 2009; November 15, 2012; June 5, 2014; December 10, 2014; May 22, 2015 to be effective with the October 7, 2015 drawing.

27.3 Cancellations Prohibited. A play may not be voided or canceled by returning the ticket or ticketless transaction to the selling agent or to the lottery, including tickets that are printed in error. A Selling Lottery may develop an approved method of compensating retailers for plays that are not transferred to a player for a reason acceptable to the Selling Lottery. No play that is eligible for a prize can be returned to the lottery for credit. Plays accepted by retailers as returned plays and that cannot be re-sold shall be deemed owned by the bearer thereof.

Amended November 15, 2012; December 10, 2014; May 22, 2015 to be effective with the October 7, 2015 drawing.

Comment. By proxy vote on July 7, 1993, the Board agreed that after each drawing, each Selling Lottery should check ticket numbers of returned plays and report to the MUSL as non-winners any returned plays that contain a match for all of the numbers drawn. At its meeting on September 28, 1993, the Board reaffirmed its policy that plays cannot be canceled. The Board also recognized that good retailer relations may require a Selling Lottery to compensate a retailer for plays that are misprinted, illegible, or, for other reasons that may be acceptable to the Selling Lottery, cannot be sold by the retailer. This rule permits each Selling Lottery, at its discretion, to compensate a retailer for a returned play that is not eligible to win a prize at the time it is returned to the Selling Lottery. To avoid the appearance that a returned play is being canceled, the Selling Lottery should require that the ticket not be placed in transit until after the applicable drawing. Returned plays are accepted only for a Selling Lottery's auditing purposes and shall have no effect on the outcome of the Drawing for which they were issued or reduce the Selling Lottery's contribution to the Grand Prize prize pool. At its meeting on April 17, 1994, the Board agreed that plays stolen by a retailer's hired clerk cannot be accepted by the Selling Lottery as canceled or returned plays. Although the rule would permit a Selling Lottery to compensate a retailer for the loss from theft if a Selling Lottery wishes to assume such a loss, the plays cannot be canceled or returned to the Selling Lottery. The plays are owned by, and winning plays may be claimed by, the retailer.

Comment last modified May 22, 2015 to be effective with the October 7, 2015 drawing.

27.4 Player Responsibility. It shall be the sole responsibility of the player to verify the accuracy of the game Play or Plays and other data printed on the ticket or contained in a ticketless transaction. The placing of Plays is done at the player's own risk through the agent that is acting on behalf of the player in entering the Play or Plays. The purchaser of a Play or Plays through a ticketless transaction has the sole responsibility for verifying the accuracy and condition of the data at the time of purchase.

Amended November 15, 2012; June 5, 2014; December 10, 2014; May 22, 2015 to be effective with the October 7, 2015 drawing.

27.5 Entry of Plays. Plays may only be entered manually using the lottery terminal keypad or touch screen or by means of a Play Slip provided by the Selling Lottery and hand-marked by the player or by such other means approved by the Selling Lottery. Retailers shall not permit the use of facsimiles of Play Slips, copies of Play Slips, or other materials that are inserted into the terminal's Play Slip reader that are not printed or approved by the Selling Lottery. Retailers shall not permit any device to be connected to a lottery terminal to enter plays, except as approved by the Selling Lottery.

Amended December 8-9, 2009; December 10, 2014

27.6 Registration of Plays. Ticketless transaction plays may be registered by the Selling Lottery at a lottery processing site that meets the requirements established by the Product Group and the MUSL Board.

Adopted October 5, 2004; Amended December 8-9, 2009; November 15, 2012; June 25, 2013; December 10, 2014

28.1 Powerball Prize Pool. The prize pool for all prize categories shall consist of fifty percent (50%) of each drawing period's sales, inclusive of any specific statutorily mandated tax of a Selling Lottery to be included in the price of a play, and including contributions to the prize pool accounts and prize reserve accounts.

Amended August 20, 2008; December 8-9, 2009; November 15, 2012; June 25, 2013; December 10, 2014; December 30, 2014; May 22, 2015 to be effective with the October 7, 2015 drawing; September 23, 2015 to be effective with the February 3, 2016 drawing.

28.2(a) Powerball Prize Pool Accounts and Prize Reserve Accounts. The Product Group shall set the contribution rates to the prize pool and to one or more prize reserve or pool accounts established by this rule.

- (i) The following prize reserve accounts for the Powerball game are hereby established:
 - (a) the Prize Reserve Account (PRA), which is used to guarantee the payment of valid, but unanticipated, Grand Prize claims that may result from a system error or other reason; and
 - (b) the Set Prize Reserve Account (SPRA), which is used to fund deficiencies in low-tier Powerball prize payments (subject to the limitations of these rules).
- (ii) The following prize pool accounts for the Powerball game are hereby established:
 - (a) the GPP, which is used to fund the current Grand Prize;
 - (b) the Set Prize Pool (SPP), which is used to fund the Set Prizes. The SPP shall hold the temporary balances that may result from having fewer than expected winners in the Set Prize (aka low-tier prize) categories. The source of the SPP is the Party Lottery's weekly prize contributions less actual Set Prize liability;
 - (c) the Set-Aside Pool (SAP), which is used to fund the payment of the awarded minimum starting annuity Grand Prizes and minimum annuity Grand Prize increase, if necessary (subject to the limitations in these rules), as may be set by the Product Group; and
 - (d) the Grand Prize Carry Forward Pool (GPCFP), which is used to fund the starting minimum annuity Grand Prize, as may be set by the Product Group, if such funds are available, and if sales do not fund the Grand Prize.

(iii) The above prize reserve accounts, the GPCFP and the SAP shall have maximum balance amounts or balance limiter triggers that are set by the Product Group and are detailed in the *Comments* to this Rule.

The maximum balance amounts and balance limit triggers are subject to review by the MUSL Board Finance and Audit Committee. The Finance and Audit Committee shall have two weeks to state objections, if any, to the approved maximum balance amounts or balance limiter triggers. Approved maximum balance amounts or balance limiter triggers shall become effective no sooner than two weeks after notice is given to the Finance and Audit Committee and no objection is stated or sooner if the Committee affirmatively approves the maximum balance amounts or balance limiter triggers. The Group may appeal the Committee's objections to the full

Board. Group approved changes in the maximum balance amounts or balance limiter triggers set by the Product Group shall be effective only after the next Grand Prize win.

(iv) The maximum contribution rate to the GPP shall be 68.0131% of the prize pool (34.0066% of sales).

An amount up to five percent (5%) of a Party Lottery's sales shall be deducted from a Party Lottery's GPP contribution and placed in trust in one or more prize pool accounts and prize reserve accounts held by the Product Group (hereinafter the "prize pool and reserve deduction") at any time that the prize pool accounts and Party Lottery's share of the prize reserve accounts(s) is below the amounts designated by the Product Group.

An additional amount up to twenty percent (20%) of a Party Lottery's sales shall be deducted from a Party Lottery's GPP contribution and placed in trust in the GPCFP to be held by the Product Group at a time as determined by the Product Group. Contributions to the GPCFP will terminate after the drawing on August 2, 2017 unless the Group votes to continue contributions to the GPCFP; such vote to continue contributions to the GPCFP shall take place no later than January 31, 2017.

(v) The Product Group may determine to expend all or a portion of the funds in the Powerball prize pool accounts (except the GPP account and the GPCFP) and the prize reserve accounts:

(1) for the purpose of indemnifying the Party Lotteries and Licensee Lotteries in the payment of prizes to be made by the Selling Lotteries; and

(2) for the payment of prizes or special prizes in the game, limited to prize pool and prize reserve contributions from lotteries participating in the special prize promotion, subject to the approval of the Board's Finance & Audit Committee or that Committee's failure to object after given two weeks' notice of the planned action, which actions may be appealed to the full Board by the Product Group.

The GPCFP may only be expended to fund the starting minimum annuity Grand Prize.

The prize reserve shares of a Party Lottery may be adjusted with refunds to the Party Lottery from the prize reserve account(s) as may be needed to maintain the approved maximum balance and sales percentage shares of the Party Lotteries.

(vi) A Party Lottery may contribute to its sales percentage share of prize reserve accounts over time, but in the event of a draw down from the reserve account, a Party Lottery is responsible for its full sales percentage share of the account, whether or not it has been paid in full.

(vii) Any amount remaining in the Powerball prize pool accounts or prize reserve accounts when the Product Group declares the end of the game shall be returned to the lotteries participating in the accounts after the end of all claim periods of all Selling Lotteries, carried forward to a replacement game, or otherwise expended in a manner at the election of the individual Members of the Product Group in accordance with jurisdiction statute.

Amended December 12, 2001; August 1, 2003; August 20, 2008; December 8-9, 2009; November 15, 2012; May 13, 2013 to be effective October 1, 2013; June 25, 2013; June 5, 2014; December 10, 2014; December 30, 2014; May 22, 2015 to be effective with the October 7, 2015 drawing; September 23, 2015 and October 22, 2015 to be effective with the February 3, 2016 drawing.

Comment. The SPRA and the SPP, to the extent they exist, may be used to fund a deficiency in Power Play multiplier prizes; but monies from the GPP may not be used to fund or increase a Power Play prize. As permitted by Rule 30.5 and as required by Rule 28.2(a)(iii), on October 25, 2011, the Powerball Product Group set the maximum SAP balance amount at \$20 million and the maximum SPRA balance amount at \$40 million. As required by Rule 28.2(a)(iii), on November 15, 2012, the Product Group set the maximum PRA balance amount at \$80 million.

On May 13, 2013, the Group determined that, effective October 1, 2013, the prize pool and reserve deduction is set to begin at two percent (2%) when the annuity Grand Prize, as determined after sales are known, exceeds one hundred twenty million (\$120,000,000.00), and four percent (4%) when the annuity Grand Prize, as determined after sales are known exceeds two hundred fifty million dollars (\$250,000,000.00). Any amount of the prize pool and reserve deduction shall first be used to fund the SAP until it reaches its maximum established balance amount, and then shall be used to fund the prize reserve accounts until they reach their individual maximum established balance amounts. Any amount of the prize pool and reserve deduction not used to fund the SAP or prize reserve accounts shall become part of the GPP.

As required by Rule 28.2(a)(iii), on September 23, 2015, as modified by Group action on January 27, 2016, the Group established a balance limit trigger for the GPCFP as follows: Effective with the drawing on July 2, 2016, at any time that the GPCFP is below one hundred ninety nine million dollars (\$199,000,000) prior to a drawing, the GPCFP deduction from a Party Lottery's GPP contribution for that drawing shall be equal to ten percent (10%) of a Party Lottery's sales when the annuity Grand Prize, as determined after sales are known, exceeds three hundred million dollars \$300,000,000.00, and the GPCFP deduction from a Party Lottery's GPP contribution for that drawing shall be equal to twenty percent (20%) of a Party Lottery's sales when the annuity Grand Prize, as determined after sales are known exceeds eight hundred million dollars (\$800,000,000.00). At any time that the GPCFP exceeds one hundred ninety nine million dollars (\$199,000,000) prior to a drawing, there shall be no GPCFP deduction for that drawing.

Approval of the Group is required to change the prize pool and prize reserve deduction percentages, maximum balances and balance limit trigger levels.

Comment last modified October 22, 2015 to be effective with the February 3, 2016 drawing.

C

28.2(b) Licensee Lotteries. Licensee Lotteries shall adhere to PB Rule 28.2(a) unless a different process is approved by the Product Group.

Adopted December 8-9, 2009.

Comment. At its meeting on December 8-9, 2009, and under the terms of the Cross-Selling Agreement, the Product Group agreed to exclude the Licensed Lotteries from contributing to the prize pool accounts (other than the GPP) and prize reserve accounts with the agreement of the Licensed Lotteries to be responsible for the payment of their shares of all prizes won.

Comment last modified October 22, 2015 to be effective with the February 3, 2016 drawing.

Comment: Due to jurisdictional law requirements, on November 15, 2012, the Powerball Group concluded that the California Lottery shall separately determine the low-tier cash prize values for that jurisdiction and that it shall not participate in the Power Play multiplier.

Comment last modified December 10, 2014.

(a) The prize money allocated to the Grand Prize category shall be divided equally by the number of plays winning the Grand Prize.

Amended June 25, 2013 effective October 1, 2013; December 10, 2014

(b) **Powerball Set Prize Pool Carried Forward.** For Party Lotteries, the Powerball SPP (for single payment prizes of one million dollars (\$1,000,000.00) or less) shall be carried forward to subsequent draws if all or a portion of it is not needed to pay the Powerball Set Prizes awarded in the current draw.

Amended June 25, 2013; June 5, 2014; December 10, 2014; May 22, 2015 to be effective with the October 7, 2015 drawing; October 22, 2015 to be effective with the February 3, 2016 drawing.

(c) Pari-Mutuel Powerball Prize Determinations. Except as provided for in 28.3(1)(c)(1)(c), for Party Lotteries:

Amended December 10, 2014; May 22, 2015 to be effective with the October 7, 2015 drawing.

(1)(a) If the total of the Powerball Set Prizes (as multiplied by the respective Power Play multiplier if applicable) awarded in a drawing exceeds the percentage of the prize pool allocated to the Powerball Set Prizes, then the amount needed to fund the Powerball Set Prizes, including Power Play prizes, awarded shall be drawn from the following sources, in the following order:

(i) the amount allocated to the Powerball Set Prizes and carried forward from previous draws, if any;

(ii) an amount from the SPRA, if available, not to exceed forty million dollars (\$40,000,000.00) per drawing; and

(iii) other amounts as agreed to by the Product Group in their sole discretion.

Amended June 25, 2013 effective October 1, 2013; December 10, 2014; December 30, 2014; May 22, 2015 to be effective with the October 7, 2015 drawing.

(1)(b) If, after these sources are depleted, there are not sufficient funds to pay the Set Prizes awarded, including Power Play prizes, then the highest Set Prize shall become a pari-mutuel prize. If the amount of the highest Set Prize, when paid on a pari-mutuel basis, drops to or below the next highest Set Prize and there are still not sufficient funds to pay the remaining Set Prizes awarded, then the next highest Set Prize, including Power Play prizes, shall become a pari-mutuel prize. This procedure shall continue down through all Set Prize levels, if necessary, until all Set Prize levels become pari-mutuel prize levels. In that instance, the money available from the funding sources listed in this rule shall be divided among the winning plays in proportion to their respective prize percentages. Powerball Set Prizes and Power Play prizes will be reduced by the same percentage.

Amended January 13, 1998; May 4, 2005; December 8-9, 2009; June 14, 2011 and October 25, 2011 to be effective for draws beginning January 18, 2012; November 15, 2012; June 25, 2013 effective October 1, 2013; June 5, 2014; December 10, 2014; December 30, 2014; May 22, 2015 to be effective with the October 7, 2015 drawing.

(1)(c) By agreement with the Licensee Lotteries, the Licensee Lotteries shall independently calculate their Set Prize pari-mutuel prize amounts. The Party Lotteries and the Licensee Lotteries shall then agree to set the pari-mutuel prize amounts for all lotteries selling the game at the lesser of the independently-calculated prize amounts.

Amended June 25, 2013 effective October 1, 2013; December 10, 2014.

Comment. The California Lottery is excluded from the Party Lotteries' and other Licensee Lotteries' pari-mutuel prize calculations.

Comment: Due to jurisdictional law requirements, on November 15, 2012, the Powerball Group concluded that the California Lottery shall separately determine the low-tier cash prize values for that jurisdiction.

PB RULE 30 POWERBALL PRIZE PAYMENT

30.1 Grand Prizes. Grand Prizes shall be paid, at the election of the player made no later than sixty (60) days after the player becomes entitled to the prize, with either a per-winner annuity or single lump sum payment (which may be referred to as the “cash option”). If the payment election is not made at the time of purchase and is not made by the player within sixty (60) days after the player becomes entitled to the prize, then the prize shall be paid as an annuity prize. An election for an annuity payment made by a player before ticket purchase or by system default or design may be changed to a cash option payment at the election of the player until the expiration of sixty (60) days after the player becomes entitled to the prize. The election to take the cash option payment may be made at the time of the prize claim or within sixty (60) days after the player becomes entitled to the prize. An election made after the winner becomes entitled to the prize is final and cannot be revoked, withdrawn, or otherwise changed.

Shares of the Grand Prize shall be determined by dividing the funds available in the GPP equally among all winning plays of the Grand Prize. Winner(s) who elect a cash option payment shall be paid their share(s) in a single lump sum payment. The annuitized option prize shall be determined by multiplying a winner’s share of the GPP by the MUSL Annuity Factor. The MUSL Annuity Factor is determined through a process as approved by the Finance and Audit Committee. Neither MUSL nor the Selling Lotteries shall be responsible or liable for changes in the advertised or estimated annuity prize amount and the actual amount purchased after the prize payment method is actually known to MUSL.

In certain instances announced by the Product Group, the Grand Prize shall be a guaranteed amount and shall be determined pursuant to Rule 30.5.

If individual shares of the GPP funds held to fund an annuity is less than \$250,000.00, the Product Group, in its sole discretion, may elect to pay the winners their share of the funds held in the GPP.

All annuitized prizes shall be paid annually in thirty (30) payments with the initial payment being made in a single payment, to be followed by twenty-nine (29) payments funded by the annuity. Except as may be controlled by a Selling Lottery’s governing statute, all annuitized prizes shall be paid annually in thirty (30) graduated payments (increasing each year) by a rate as determined by the Product Group. Prize payments may be rounded down to the nearest one thousand dollars (\$1,000.00). Annual payments after the initial payment shall be made by the lottery on the anniversary date or if such date falls on a non-business day, then the first business day following the anniversary date of the selection of the Grand Prize Winning Numbers.

Funds for the initial payment of an annuitized prize or the lump sum cash option prize payment shall be made available by MUSL for payment by the Selling Lottery no earlier than the fifteenth calendar day (or the next banking day if the fifteenth day is a holiday) following the drawing. If necessary, when the due date for the payment of a prize occurs before the receipt of funds in the prize pool trust sufficient to pay the prize, the transfer of funds for the payment of the full lump sum cash option amount may be delayed pending receipt of funds from the Selling Lotteries. A paying lottery may elect to make the initial payment from its own funds after validation, with notice to MUSL.

If a Party Lottery purchases or holds the prize payment annuity for a prize won in that jurisdiction, that Party Lottery’s game rules, and any prize payment agreement with the prize winner, shall indicate that the prize winner has no recourse on the MUSL or any other Party Lottery for payment of that prize.

In the event of the death of a lottery winner during the annuity payment period, unless prohibited by jurisdictional law, the MUSL Finance & Audit Committee, in its sole discretion excepting a discretionary review by the Product Group, upon the petition of the estate of the lottery winner (the "Estate") to the lottery of the jurisdiction in which the deceased lottery winner purchased the winning play, and subject to federal, state, district, or territorial applicable laws, may accelerate the payment of all of the remaining lottery proceeds to the Estate. If such a determination is made, then securities and/or cash held to fund the deceased lottery winner's annuitized prize may be distributed to the Estate. The identification of the securities to fund the annuitized prize shall be at the sole discretion of the Finance & Audit Committee or the Product Group.

Amended September 9, 1998, December 21, 1998, March 15, 1999, February 3, 2002; July 5, 2002; May 4, 2005; October 11, 2006; August 20, 2008; December 8-9, 2009; November 15, 2012; June 25, 2013 to be effective October 1, 2013; June 5, 2014; December 10, 2014; May 22, 2015 to be effective with the October 7, 2015 drawing; October 22, 2015 to be effective with the February 3, 2016 drawing.

Comment. Changes made to this Rule on December 21, 1998, are intended to provide players with the advantages offered by the changes made to 26 U.S.C. §451. These rules should be interpreted in a manner that is consistent with the purposes, requirements, and restrictions of that code section. On September 9, 1998, the Product Group mandated a delay in payment to a Selling Lottery until the validation of the claim. On July 8, 2005, the Product Group set the graduated rate at four percent (4%) per year. On August 20, 2008, the Product Group authorized the use of a Party Lottery's share of MUSL non-game earnings to fund annuity payments, as may be needed, in a manner other than provided for in this rule, due to mandates of local statute. Due to its jurisdictional law, on November 15, 2012, the Powerball Group concluded that the provisions relating to acceleration of annuity payments to an estate shall not be applicable to the California Lottery. On May 22, 2015 (to be effective with the October 7, 2015 drawing), the Product Group set the graduated rate at five percent (5%) per year.

30.2 Powerball Prize Payments. All prizes (whether described as "cash" payment prizes or otherwise) shall be paid through the Selling Lottery that sold the winning play(s) and at the discretion of the Selling Lottery that sold the winning play(s) may be paid by cash, check, warrant or electronic transfer.

A Selling Lottery may begin paying low-tier prizes after receiving authorization to pay from the MUSL central office. If a Selling Lottery, due to jurisdictional law requirements, separately determines its low-tier prize amounts, it shall be solely responsible for its low-tier prize liability, and may begin paying low-tier prizes after a drawing when it determines appropriate to do so.

Amended December 8-9, 2009; November 15, 2012; June 5, 2014; December 10, 2014; May 22, 2015 to be effective with the October 7, 2015 drawing.

Comment: Due to jurisdictional law requirements, on November 15, 2012, the Powerball Group concluded that the California Lottery shall separately determine the low-tier prize values for that jurisdiction.

30.3 Powerball Prizes Rounded. Annuitized payments of the Grand Prize or a share of the Grand Prize may be rounded to facilitate the purchase of an appropriate funding mechanism. Breakage on an annuitized Grand Prize win shall be added to the first payment to the winner or winners. Prizes other than the Grand Prize, which, under these rules, may become single-payment, pari-mutuel prizes, may be rounded down so that prizes can be paid in multiples of whole dollars. Except with regards to low-tier prizes paid by a Selling Lottery which separately determines its low-tier prize amounts pursuant to Rule 30.2, breakage resulting from rounding these prizes shall be carried forward to the prize pool for the next drawing.

Amended November 15, 2012; June 5, 2014; December 10, 2014.

Comment: Due to jurisdictional law requirements, on November 15, 2012, the Powerball Group concluded that the California Lottery shall separately determine the low-tier prize values for that jurisdiction.

30.4 Powerball Prize Rollover. If the Grand Prize is not won in a drawing, the prize money allocated for the Grand Prize shall roll over and be added to the GPP for the following drawing.

Amended July 5, 2002; June 24, 2011 and effective for draws beginning January 18, 2012; December 10, 2014; May 22, 2015 to be effective with the October 7, 2015 drawing; October 22, 2015 to be effective with the February 3, 2016 drawing.

30.5 Funding of Guaranteed Powerball Prizes. The Product Group may offer guaranteed minimum Grand Prize amounts or minimum increases in the Grand Prize amount between drawings or make other changes in the allocation of prize money where the Product Group finds that it would be in the best interest of the game. If a minimum Grand Prize amount or a minimum increase in the Grand Prize amount between drawings is offered by the Product Group, then the Grand Prize shares shall be determined as follows: If there are multiple Grand Prize winners during a single drawing, each selecting the annuitized option prize, then a winner's share of the guaranteed annuitized Grand Prize shall be determined by dividing the guaranteed annuitized Grand Prize by the number of winning plays. If there are multiple Grand Prize winners during a single drawing and at least one (1) of the Grand Prize winners has elected the annuitized option prize, then the best bid submitted by MUSL's pre-approved qualified brokers shall determine the cash pool needed to fund the guaranteed annuitized Grand Prize. If no winner of the Grand Prize during a single drawing has elected the annuitized option prize, then the amount of cash in the GPP shall be an amount equal to the guaranteed annuitized amount divided by the MUSL Annuity Factor. Changes in the allocation of prize money shall be designed to retain approximately the same prize allocation percentages, over a year's time, set out in these rules. Minimum guaranteed prizes or increases may be waived if the alternate funding mechanism set out in Rule 28.3(b) becomes necessary. Approval of the Group is required to change the guaranteed minimum Grand Prize amounts or minimum increases in the Grand Prize amount. Any reduction in the guaranteed minimum Grand Prize amount or reduction in the minimum increases to the Grand Prize amount shall not become effective until after a Grand Prize win following the action taken by the Group.

Amended November 15, 2012; June 25, 2013 to be effective October 1, 2013; December 10, 2014; May 22, 2015 to be effective with the October 7, 2015 drawing; October 22, 2015 to be effective with the February 3, 2016 drawing.

Comment: A Set-Aside Account with a cap of \$20 million dollars is established to fund guaranteed minimum Grand Prize amounts and minimum increases between draws. The Group has determined that the minimum Grand Prize shall be \$20 million annuity and the minimum increases in the Grand Prize shall be \$5 million annuity between draws. Beginning with the \$2 game, with the first drawing planned for

Wednesday, January 18, 2012, the Product Group has determined that the minimum Grand Prize shall be \$40 million annuity and the minimum increases in the Grand Prize shall be \$10 million annuity between draws. The Group may change guaranteed minimum Grand Prize amounts for future draws at any time. 2015 to be effective with the October 7, 2015 drawing

30.6 Limited to Highest Powerball Prize Won. The holder of a winning play may win only one (1) prize per play in connection with the Winning Numbers drawn and shall be entitled only to the prize won by those numbers in the highest matching prize category.

Amended November 15, 2012; December 10, 2014; May 22, 2015 to be effective with the October 7, 2015 drawing.

30.7 Powerball Prize Claim Period. Prize claims shall be submitted within the period set by the Selling Lottery selling the play. If no such claim period is established, all Grand Prize claims shall be made within one hundred eighty (180) days after the drawing date.

Amended November 15, 2012; December 10, 2014; May 22, 2015 to be effective with the October 7, 2015 drawing.

PB RULE 31—TICKET VALIDATION.

In certain rare instances, the Powerball set prize amount may be less than the amount shown. For example, if the Match 4+1 Powerball set prize amount of \$50,000.00 becomes \$25,000.00 under the rules of the Powerball game and a 5x Power Play multiplier is selected, then a Power Play player winning that prize amount would win \$125,000.00.

The following table sets forth the probability of the various Power Play numbers being drawn during a single Powerball drawing, except that the Power Play amount for the Match 5+0 prize will be two million dollars (\$2,000,000). Amended June 25, 2013 to be effective with the drawing on January 22, 2014; June 5, 2014; May 22, 2015 and June 25, 2015 to be effective with the October 7, 2015 drawing.

PB RULE G — LIMITATIONS ON PAYMENT OF POWER PLAY PRIZES.

G(1) Prize Pool Carried Forward. For Party Lotteries, the prize pool percentage allocated to the Power Play set prizes shall be carried forward to subsequent draws if all or a portion of it is not needed to pay the set prizes awarded in the current draw.

Amended December 8-9, 2009; May 22, 2015 to be effective with the October 7, 2015 drawing.

G(2)(a) Pari-Mutuel Prizes—All Prize Amounts. Except as provided for in in (G)(2)(c), for Party Lotteries:

G(2)(a)(1) If the total of the original Powerball set prizes and the Power Play prizes awarded in a drawing exceeds the percentage of the prize pools allocated to the set prizes, then the amount needed to fund the set prizes (including the Power Play prize amounts) awarded shall be drawn from the following sources, in the following order:

- (i) the amount allocated to the set prizes and carried forward from previous draws, if any;
- (ii) an amount from the Powerball SPRA, if available in the account, not to exceed forty million dollars (\$40,000,000.00) per drawing; and

(iii) other amounts as agreed to by the Product Group in their sole discretion.

(G)(2)(a)(2) If, after these sources are depleted, there are not sufficient funds to pay the set prizes awarded (including Power Play prize amounts), then the highest set prize (including the Power Play prize amounts) shall become a pari-mutuel prize. If the amount of the highest set prize, when paid on a pari-mutuel basis, drops to or below the next highest set prize and there are still not sufficient funds to pay the remaining set prizes awarded, then the next highest set prize, including the Power Play prize amount, shall become a pari-mutuel prize. This procedure shall continue down through all set prizes levels, if necessary, until all set prize levels become pari-mutuel prize levels. In that instance, the money available from the funding sources listed in this rule shall be divided among the winning plays in proportion to their respective prize percentages. Powerball and Power Play prizes will be reduced by the same percentage.

Amended August 20, 2008; December 8-9, 2009; August 25, 2010; June 12, 2012; November 15, 2012; June 25, 2013 to be effective October 1, 2013; May 22, 2015 to be effective with the October 7, 2015 drawing.

Comment. By action on January 7, 2009, the Product Group agreed to combine the Powerball and Power Play prize pools in the rare instance when the set prizes, pursuant to the rules, are paid on a pari-mutuel basis, so that the Power Play prize amounts, as provided for in the rules, will remain in effect for all prize levels. Comment amended May 22, 2015 to be effective with the October 7, 2015 drawing; October 22, 2015 to be effective with the February 3, 2016 drawing.

(G)(2)(b) Licensee Lotteries. Licensee Lotteries shall adhere to PB Rule G(2)(a) unless a different process is approved by the Product Group.

Adopted December 8-9, 2009; May 22, 2015 to be effective with the October 7, 2015 drawing.

Comment. At its meeting on December 8-9, 2009, and under the terms of the Cross-Selling Agreement, the Product Group agreed to exclude the Licensed Lotteries involved in the cross-selling initiative of Powerball and Mega Millions from PB Rule G(2)(a) and such lotteries shall be responsible for the payment of all prizes won in those jurisdictions.

(G)(2)(c) By agreement with the Licensee Lotteries, the Licensee Lotteries shall independently calculate their set pari-mutuel prize amounts, including the Power Play prize amounts. The Party Lotteries and the Licensee Lotteries shall then agree to set the pari-mutuel prize amounts for all lotteries selling the game at the lesser of the independently-calculated prize amounts.

Amended June 25, 2013 to be effective October 1, 2013; May 22, 2015 to be effective with the October 7, 2015 drawing.

Comment. The California Lottery is excluded from the Party Lotteries and other Licensee Lotteries pari-mutuel prize calculations.

Amended May 22, 2015 to be effective with the October 7, 2015 drawing.

H(2) Prizes Rounded. Prizes that, under these rules, may become pari-mutuel prizes, may be rounded down so that prizes can be paid in whole dollars. Breakage resulting from rounding these prizes shall be carried forward to the prize pool for the next drawing.

Amended August 25, 2010; November 15, 2012; June 5, 2014; May 22, 2015 to be effective with the October 7, 2015 drawing.

Part IV Repealed May 22, 2015.
